

# **JOURNAL OF CONTEMPORARY ISSUES IN OPEN DISTANCE AND E-LEARNING (JC-ODEL)**

## **Publication Frequency Policy**

JC-ODEL is published two times per year, with issues released in January and July.

### **Special Issues:**

JC-ODEL may periodically publish Special Issues, Thematic Issues, or Conference Proceedings Issues arising from scholarly conferences, symposia, and other academic engagements approved by the Editorial Board. While these contributions may extend beyond the journal's primary subject focus, they shall meet the Journal's quality standards, editorial requirements, and peer-review criteria. Special issues may also be published periodically to address emerging topics of scholarly significance, or if a large number of papers have been accepted for publication in any one year that could not be accommodated within the regular issues.
